

Dear <name>,

I'm writing to inquire about the opening for <job title>.

I offer more than 10 years of experience in data analytics and excellent Python, SQL, SAS, Tableau, data manipulation, and model development skills, making me a strong candidate for this opening. The top portion of my attached resume also highlights my career profile in alignment with your position.

I'd welcome the opportunity to speak with you if you feel I'd be a strong candidate for this or other positions within your organization. My goals are always to improve the company's service and product to fulfill the customer's needs.

Thank you,

Marcelo Alves Pereira
